

UK Center for Applied Energy Research - <https://caer.uky.edu/>

Scholars@UK - <https://scholars.uky.edu/>

For more than 150 years, the University of Kentucky has pursued interdisciplinary research and creative efforts to address challenges and disparities faced by the citizens of the Commonwealth and beyond. Scholars@UK is a database of research expertise from colleges, departments, disciplines and centers & institutes at UK. Explore unit research output (publications, creative work), sponsored grants & contracts, and individual scholar profiles. Scholars@UK contains a rich set of metrics including citation counts, altmetrics, network analysis, and collaboration information.
